HALIBURTON - ONTARIO

THURSDAY, NOVEMBER 5TH, 1970

Established in 1882 as the
Minden Echo & Haliburton Recorder

This Saturday, November 7, 1970, is Poppy Day. Buy a poppy. Poppy Day is the nation's opportunity to remember generously those to whom we owe so much.

Remembrance Day Ceremonies

The Remembrance Day ceremonies on Wednesday, November 11, will begin at 10:00 a.m. in the Royal Canadian Legion Auditorium at Haliburton with the Reverend Howard Best of St. Paul's Church in Minden, who is also the Haliburton Legion Padre, in charge of the service.

Following the service the Legion members and any other veterans who wish to join in will march to the Cenotaph on Highland Street where wreaths will be laid to honour the memory of those who gave their lives in the two World Wars. After the Service of Remembrance at the

Cenotaph the parade will return to the Legion and break off.

Of special importance to all Legion members is the banquet in the evening (no charge). The evening will begin with a cocktail hour from 6:00 to 7:00 and at that time everyone will then sit down to a lovely roast beef dinner. Following the dinner will be the highlight of the evening when the burning of the mortgagage will take place. For the remainder of the night there will be dancing. All Legion members, Ladies' Auxiliary members, their wives or husbands, and guests are invited to attend.

Haliburton Huskies Begin Workouts

The Haliburton Huskies of the O.H.A. Central Ontario Junior 'D' Hockey League will have begun workouts for the 1970-71 season as the Echo goes to press. The practices started on Wednesday night at 8:00 p.m. as the Arena Manager, Don Johnston, was able to get the ice in shape a day earlier than expected.

There will be little time to get the boys in top shape as the first game will be in Schomberg on Monday night, November 9. The Huskies are rated as the team to beat this season as they will lose a minimum of players from last year's club. George Nicholls, who handled the Haliburton Huskies last year, may not be able to be available this season because of job commitments so Scotty LaRue, who handled the Huskies Juniors for their first three seasons, will take over as Coach and Manager until George can make a definite decision. Albert LaRue will remain as President and sponsor.

The interest in the success of the Huskies should be heightened as there are several boys from the Minden area trying out this season. When the Huskies were first formed six years ago there were five boys from Minden on the team. This number dwindled each year until last year there were no Minden boys in the Huskies lineup. Although there are a good number of boys left from last year's club there will be good competition for positions during this year's training camp.

The schedule for the coming season is in this week's paper on Page Eleven, so be sure to clip it out so that you can enjoy top-notch Junior hockey both at home and away. Be sure to be at the Haliburton Arena next Saturday, November 14, at 8:00 p.m. to see the Huskies open their season at home against Lakefield, who also promises to be a strong contender for the league championship.

Letter To Editor

The Editor,
Haliburton County Echo,
Haliburton, Ontario.

Dear Sir:

I wish to add my support to the views expressed by Mr. McCrackan in your issue of October 22nd regarding the rights of wild animal life. It has always seemed to me a contradiction in terms for a so-called Big Game Hunter to pose as a "sportsman" beside the carcass of some beautiful animal he has just destroyed. The fact that a similar act should take place in the natural habitat of these creatures in our own Ontario wooded areas is scarcely less regrettable.

I would like to offer Mr. McCrackan some assistance in the lines he quotes in memory from the poet Cowper. They are from the old Fourth Reader and not the Third, and are as follows:

(Continued on Back Page)

Why Spoil Hallowe'en?

Hallowe'en has come and gone for another year. In Haliburton the evening was as usual, anything but quiet. Property damage was not too extensive but the night was marred by hoodlums throwing eggs and painting up the town with paint colours of all descriptions.

The price of eggs at the present time are very cheap and the Hallowe'en pranksters took the advantage of this fact to throw them at cars and at citizens who were walking up and down the main street.

While the Annual Haliburton Rotary Club Hallowe'en Show was in progress at the Molou Theatre two young people who were seated in the back row started to throw eggs. They were immediately ejected from the theatre and told never to come back. They will get quite a surprise when they go to the next show and try to buy a ticket at the box office.

And you would wonder what the world is coming to when people will go out with paint and splatter it on cars and trucks — houses and garage doors were left with paint splattered all over them and paint was also sprayed on the stone at the Cenotaph.

Some thoughtless prankster threw a piece of concrete through the window at the residence of Mrs. Betty Preston and if it had hit her it might have killed her.

Hallowe'en is for the children, so why should we allow a bunch of characters to spoil it.

Capacity Crowd Enjoys Dance

A capacity crowd enjoyed the Benefit Dance for the Sheltered Workshop, sponsored the Haliburton Association for Mentally Retarded, which featured a cocktail dance and buffet supper. It was held at the Royal Canadian Legion Hall in Haliburton on Friday, October 30.

A large crowd turned out to enjoy the dancing and fine music provided by Tom Ford and his "Jacquettes" from Toronto. Although there were a few uneasy moments early in the evening when, due to adverse driving conditions, the band was late in arriving, from the time they started to play till the small hours of the morning they put on a pleasing performance. By the compliments that were heard that evening, Wilf and Peggie Jarvis of Minden are to be complimented for securing this fine band for this fund raising project.

The climax of the evening was a delicious buffet supper laid out by the ladies of the Association, which was thoroughly enjoyed by all.

The refreshments were good, the band was great, the supper was delicious, plus a few worthwhile prizes and a few festive decorations made a very enjoyable evening for all and the profit of the evening will be enjoyed by the children of the Sheltered Workshop.

No doubt there is a lot of planning and preparing for an event such as this, and the success of this one belongs not only to the members of the Association but to the people from one end of Haliburton County to the other. When approached for assistance or services for the evening, food or baking for the supper table, it was generously donated, and in many occasions without being asked. Therefore the members of the Haliburton Association for Mentally Retarded wish to extend their sincerest thanks to the people of Haliburton County, with hopes that a future repeat performance will be as good as this one.

Curling Club Pays Tribute To Member

The General Meeting of the Haliburton Curling Club was held at the Club on Thursday, October 29, 1970.

The President, Murray Kuno, reported on the completion of a very successful year.

The President then paid tribute to an outstanding member of the Curling Club, Jack Robertson. Jack was made an Honorary Life Member of the Club and was presented with a trophy by Lloyd Coneybeare. Jack has been an active member since the formation of a Curling Club in 1941. He has a very admirable record of contributions, as he was President in 1950 and 1958, Vice-President in 1949, and has served on the Executive an additional 14 terms. Besides being on many Committees such as

Building and Artificial Ice, he has been Chairman of the Skyline Bonspiel since it was started in 1960.

The new slate of officers for the coming year are as follows: President - Bob Colliver; Past President - Murray Kuno; Vice-President - Carl Wallace; Secretary - Phyllis Woodcock; Treasurer - David Gray; Executive - Ron Barr, Allan Bagg, Betty Hodgson, Bill Johnston.

The Bonspiels to be held this year are: Men's One Day - December 12; Skyline - January 15, 16 and 17; Winter Carnival Mixed - January 22 and 23; Highland Mixed - February 19, 20 and 21.

Curling will start during the week of November 15, so come on curlers and make this one of the most outstanding years.

November 11, 1970

Wednesday, November 11, 1970 — For some people the last holiday before Christmas; for others the middle of the week, but for still others November 11 holds a special significance. For these people it is a day of remembrance, a day to recall past events and remember old friends. As in other years, November 11, 1970, will be a day to pay tribute to comrades lost in battle, but in this year it may also be a day to wonder why.

November 11, 1918, saw the end of the "war to end all wars". It was Armistice Day and people celebrated the end of the Great World War, setting November 11 aside as a day to remember those who were lost in battle. Sadly, World War II added more names to be remembered and November 11 became Remembrance Day.

Wednesday, November 11, 1970, will be more than just another holiday, more than simply the middle of the week. It will be, or should be a day to reflect back on the events of our time, especially those of recent happening. We would be wise to think back on them for they could mean as much to us as does our existence as a free country and we as a free people.

Three times in Canada's history we have lived under the conditions of war. From 1914 to 1918

because we were fighting a war of survival. Again in 1939 and until 1945 we had the conditions of war to live with and again, because we were fighting a war of survival. This war, however, could and was coming closer to home and we took even greater meaning from the battles. It is 1970 now and once more we live under the conditions of war. This time it's different because we are not at war with another country but rather we are at war with ourselves, Canadian against Canadian, in yet another war of survival, the survival of the democratic beliefs we spent many years at war with other countries to preserve. This is a war we must win and prevent from breaking out again, otherwise we make a mockery of Remembrance Day and we mock all those who took up arms to give us this nation with all its rights and privileges.

Yes, November 11 is Remembrance Day and it is on this day this year we should all take stock of what we have, where we're going and why. But above all, it is the day on which we should pay our respects and say thanks to the many men and women who served this country and made it possible for us to have the what's, where's and why's we so frequently enjoy and abuse.

A.B.B.

Death Ruled Accident As Girls Running Boat

LINDSAY (ENS) — A 12-year-old Toronto boy, Philip Ernest Fournier, died following a boating accident on Crystal Lake near Kinnmount on September 5, when his boat was run over by another larger boat operated by two juvenile girls.

An inquest into the boy's death, held at the Lindsay Town Hall last Wednesday, ruled that the death was accidental, and the Jury recommended that anyone not in possession of a motor vehicle licence should not be allowed to operate a power-boat.

Most of the people testifying at the inquest were juveniles, who were operating boats at the time of the accident.

Scott Hutton, 13, said he was in his boat when he saw that the small boat Philip Fournier was in had stalled. He went to help and had his hand on the motor of the Fournier boat when the accident occurred.

The boy said that two girls were circling their boat about 30 feet away when suddenly he saw them about five feet away coming toward them. He said the boat came over and pulled Philip

Fournier underwater. He said the boat operated by the girls stalled and stopped about 10 feet away and the girls pulled the injured boy into their boat.

A 13-year-old Toronto girl said she was one of the girls in the boat but was not the driver. She said the girl who drove the boat had difficulty with the gear shift when leaving the dock. They circled the Fournier boat when they saw he had stalled and went to help. She said her friend put the gear shift forward instead of backward and they went over the other boat.

The operator of the larger boat involved, an aluminum 14-foot boat with a 40 h.p. motor, said they had "bugged" a boy they knew until he loaned them his father's boat for a ride. She said they were going to help Philip, and his friend, whom they knew, and were intending to turn off the motor "when it happened".

She said she had driven a boat as large just once before, and occasionally a smaller one.

Coroner Dr. R. K. Hollows said the cause of death was severe

Donald J. Finn Bursary for Occupations, \$50 - no application. School Letters - Patricia Barry, Karl Consack, Norma Sedgwick, Deborah Wilson.

Remembrance Day

Do you know what Remembrance Day means to me?

If you'll listen for a couple of moments you will see.

It was the year of world war one, And every soldier had a gun.

Many were shot in the leg, body and head,

A lot were injured and the rest were dead.

The blood on the battlefields increased,

Until one day everything ceased.

Every father, mother and boy Jumped high in the air for joy.

Every soldier threw down his gun, Because the end of fighting had come.

All of a sudden a shot rang out, And Germans were climbing about.

Many poor people were killed then and there,

Because the Germans didn't care.

And every soldier tried to chew, At Hitler and his mean old crew.

The war of World War Two was on,

And it now was the beginning of dawn.

All of a sudden there was a boom, Which sent two hundred soldiers to their tomb.

Blood was here and guts were there,

Every soldier in his skin had a tear.

The Germans were now at our feet,

Had we at last suffered defeat?

Adolf Hitler signed a paper of peace,

Because he was losing and wanted war to cease.

We were allies, they the foe, And for our dead soldiers we cried with woe.

To show respect, wear the poppy of Flanders Field,

For the men who fought for our shield.

We were protected by those brave men,

So now bow your head and whisper - AMEN -

Bobby Burger,

Age 12, Grade 7,

Pupil of Cardiff Public School.

GOODERHAM

Mr. Leslie Fotheringham and friends of Toronto spent a few days with his parents, Mr. and Mrs. Robert Fotheringham.

Mr. and Mrs. Glen Bird and girls visited with Mr. and Mrs. Ron Dack and family of Tory Hill.

Mr. and Mrs. Glen Billings and Danny were visitors in Lindsay on Saturday.

We are glad to report that Mrs. Margorie Billings is home from the Lindsay Hospital.

Mr. and Mrs. Thomas McColl were business visitors to Lindsay on Thursday.

Mr. and Mrs. William Hunter were visitors in Peterborough on Tuesday.

Mrs. Marilyn Billings and children visited with her mother and father, Mr. and Mrs. Nelson Barr of Burnt River, on the weekend.

Minden Area Quiet On Hallowe'en

The Ontario Provincial Police Detachment at Minden report a quiet night in this area on Saturday, October 31.

A one-car accident at 7:00 p.m. last Saturday on the Gull River Road in Minden resulted in \$300 damage, and \$500 damage was reported in a one-car accident on Highway 121 toward Bancroft. No injuries were reported.
